

MARCH NEWSLETTER

Thank you to Mrs. Adessa Eskridge for educating our students about dental health for National Children's Dental Health month. The children enjoyed learning from her and went home with a new toothbrush and small toothpaste.

Several classes enjoyed making apple cider with Farmer Chris from Bring the Farm to You. Students placed an apple in the press, turned the wheel and watched the cider be made with a final press on the remaining apple all while learning about the process. Turkey Trot funds paid for this event, thank you again for your contributions.

At the end of this month, we will have a visit from Stratford Farms for some of the classes to learn how maple sugar is made. Additionally, the students will engage in a service project by creating and sending Easter cards to members of New Hope Church.

PARENT NIGHT

Thank you very much for your generosity for our 2024 Parent Night outreach! We are thrilled to announce the amount raised is \$6237.00! We are grateful for your donations, raffle ticket purchases and silent auction bids to reach this large amount. Big thanks to Allison Blue and Aimee Seggerson for co-leading this event and making it so special. Thank you to all the preschool staff who helped gather donations and for hosting the evening and to Simple Soft Serve and Elevated Wood-Fired Pizzas. Please see the attached list of businesses who donated services and/or products toward this event. Common Ground Food Store will receive this full amount to use towards the many needs they have to serve those who come to their store.

UPCOMING EVENTS
