

Full Day Kindergarten

Requirements: Must be 5-years-old by September 30

Prerequisite: Previous preschool experience and a Kindergarten assessment

Ratios: Ohio Job and Family Services allows for a 1 teacher to 18 students ratio. However, we will not exceed 2 teachers with 14 students (1 licensed teacher and 1 instructional aide.) The small class size allows us to offer a unique learning experience and a smoother transition to a larger class size in an elementary school setting, while fostering a love of learning and a strong foundation for success.

Our Kindergarten teacher holds a Master's Degree in Elementary Education (PreK-3) from The Ohio State University and a current Ohio teacher's license. She has previously taught in an elementary setting for five years and has been here at New Hope Preschool for five years.

Our program is Monday – Thursday from 9:00-3:00. In addition, an optional half-day enrichment program is offered on Fridays from 9:00-11:30.

Curriculum: We follow the Common Core and the Ohio Preschool Standards that are set by the state.

Program Description:

- Exceptional learning experience in all academic areas within a Christian environment
- Instruction in all academic areas including Literacy, Writing, Math, and Science/Social Studies
- Strong focus on literacy instruction
- High-leveled individualized instruction opportunities due to small class size with two teachers
- Technology learning opportunities (media devices: classroom computers for students and smart TV)
- Specials include: Art, Music, Bible Time, and Large Muscle
- Screenings include: Speech/Hearing and Vision
